

BE A HERO.

FOSTER A NEEDY PET.

Great Plains SPCA is always in need of foster families for pets too young to be adopted, pets recovering from an injury or illness, or pets that just need some extra socialization time away from the shelter.

Our foster program gives us the opportunity to save more pets in our community and is integral part of what we do. If you are interested in fostering one of Great Plains SPCA's pets in need, please visit www.GreatPlainsSPCA.org to complete a foster application or contact us in Merriam, KS or Independence, MO.
