3 MATCHMAKING:

Our dedicated staff will work with you to match you with the best-fit animal for your home! Each animal is seen by our Behavior and Shelter Medical teams prior to becoming available for adoption so that we can assist you with any questions you may have.

WHAT TO EXPECT WHEN ADOPTING

4 PAPERWORK:

If you fall in love and decide to adopt, our team will walk you through the paperwork process. We will cover the animal's medical and behavior history as well as microchip, feeding schedule and post-adoption support Great Plains SPCA offers.

5 RETAIL STORE:

Don't forget to outfit your new pet with supplies to set them up for success in your home! Every dog must leave on a leash and a collar and every cat must leave in a carrier. Every cent spent at our retail store supports our life-saving work.

Congratulations on your new furry family member! Your Adoptions Counselor will take your 'Family Pawtrait' to be shared on our social media platforms. Thank you for choosing adoption!
