

Tara Adler – Director of Development

Tara comes to Great Plains SPCA with nearly 14 years of non-profit development experience in the Kansas City area. Tara's passion for success and love of pets makes her a great addition to our team. She is currently participating in the Kansas City Chamber's Centurions Leadership Program and is excited to continue building connections and support the important work happening here.

Originally hailing from New Jersey, she has lived in the KC metro for nearly 15 years. Tara currently resides north of the river with her husband, daughter, cat, and dog. You can often find her exploring her favorite coffee shops or relaxing on a patio somewhere soaking in the nice weather (when KC allows it).

She is looking forward to connecting with our friends and supporters at Great Plains SPCA. Reach out and say hello at tadler@greatplainsspca.org!
